

LESCO®

MacroN Sprayable Fertilizers

23-0-23

PLANT GROWTH FORMULA

For Turfgrass and Ornamentals

- Premium Quality Fertilizer
- Completely Water Soluble
- Easy Mixing & Application
- Spray Tank Mix Compatible

LESCO MacroN™ 23-0-23 is a soluble fertilizer concentrate formulated to be dissolved in water and applied as a nutrient solution. LESCO MacroN 23-0-23 is immediately available to the leaves and roots of plants. LESCO MacroN 23-0-23 is an all purpose fertilizer formulation for use in most growing conditions that require an equal nitrogen and potassium ratio fertilizer.

GUARANTEED ANALYSIS

Total Nitrogen (N)	23.00%
5.45% Ammoniacal Nitrogen	
6.50% Nitrate Nitrogen	
11.05% Urea Nitrogen	
Soluble Potash (K ₂ O)	23.00%
Derived From: Urea, Ammonium Sulfate, Potassium Nitrate	

Net Weight
25 lbs. (11.4 kg.)

TURFGRASS SPRAY APPLICATION: **LESCO MacroN™ Fertilizers** are best applied to actively growing turf. Avoid spraying in periods of low humidity or when the turf is under severe stress. Apply as needed to maintain turf color and growth. Actual rates will vary upon management practices, turf species, and time of the year.

Apply **LESCO MacroN Fertilizers** in 2 to 6 gallons of water per 1,000 square feet. Use a sprayer with a boom, floodjet, handgun or similar spray application device. Calibrate the sprayer prior to use to determine the spray application rate.

TURF APPLICATION RATES FOR LESCO MACRON FERTILIZERS						
Ounces of Fertilizer per 1,000 Square Feet						
MacroN Formula	1/16# N	1/8# N	1/4# N	1/2# N	3/4# N	1# N
28-7-14	4	7	14	29	43	57
23-0-23	4	9	17	35	52	70
20-20-20	5	10	20	40	60	80
16-32-16*	3	6	13	25	38	50

*Rates are for phosphate per 1,000 square feet.

LESCO MacroN Fertilizers are compatible with many pesticides and other fertilizer formulations. When working with new or unfamiliar products it is suggested that a small quantity be jar mixed to check for incompatibilities prior to tank mixing.

Mixing Instructions: Add one-half water to tank. Add **LESCO MacroN Fertilizer** and any other fertilizers. Agitate tank contents while adding the remaining water. Finally add pesticides if included in the tank mix. Use spray tank mixes as soon as possible.

For additional turf color response add **LESCO Chelated Iron Plus** or **LESCO Chelated Micro Mix** to **LESCO MacroN Fertilizers**.

ORNAMENTAL FOLIAR APPLICATION: **LESCO MacroN Fertilizers** are best applied to foliage as a fine spray. Foliar feeding is particularly valuable for supplementing other types of fertilization or for promoting growth during adverse soil, moisture or temperature conditions when other means would be ineffective or uneconomical.

Apply **LESCO MacroN Fertilizers** to foliage with sufficient spray to thoroughly wet the foliage. Follow the table below for mixing rates. For tender plants use half strength spray solutions. Avoid spraying in periods of low humidity or when plants are under severe moisture stress. Use a sprayer with a handgun, spray wand, or similar spray application device. Apply as needed during the growing season to maintain plant growth.

LESCO MacroN Fertilizers are compatible with many pesticides and other fertilizer formulations. When working with new or unfamiliar products it is suggested that a small quantity be jar mixed to check for incompatibilities prior to tank mixing. Also test for phytotoxicity of the spray mixture on plant materials prior to routine spraying.

Mixing Instructions: Add one-half water to tank. Add **LESCO MacroN Fertilizer** and any other fertilizers. Agitate tank contents while adding the remaining water. Finally add pesticides if included in the tank mix. Use spray tank mixes as soon as possible.

FOLIAGE APPLICATION RATES FOR LESCO MACRON FERTILIZERS

LESCO MacroN	Amount of Water	Area Treated
1 level tablespoon	1 gallon	4 sq. ft.
5 level tablespoons	5 gallons	20 sq. ft.
8 ounces	25 gallons	100 sq. ft.
2-5 pounds	100 gallons	400 sq. ft.

ORNAMENTAL SOIL DRENCH: Apply **LESCO MacroN Fertilizer** as a soil nutrient drench around the base of newly transplanted and established plants. Use the foliar mixing guide for suggested rates. Apply up to 1/2 gallon of nutrient solution per square foot of surface area with a watering can or similar device. Apply as needed to maintain plant growth throughout the growing season.

DEEP ROOT INJECTION: Apply **LESCO MacroN Fertilizer** by deep root injecting the soil uniformly under the tree canopy area with 2 to 5 gallons of nutrient solution per inch of trunk diameter. Use 2 to 5 pounds of **LESCO MacroN Fertilizer** per 100 gallons of water. Apply in the Spring and the Fall as needed to maintain plant growth. For additional fertilizer response use **LESCO ArborGreen®** and **LESCO Chelated Micro Mix**.

CAUTION: DO NOT USE WITH DORMANT OIL, BORDEAUX SPRAY, LIME OR OTHER HIGHLY ALKALINE SPRAY MATERIALS. THEY MAY PRECIPITATE WITH THE FERTILIZER IN THE SPRAY TANK

CONDITION OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of this product must be followed carefully and completely. It is impossible to eliminate all risks inherently associated with the use of this product. Buyer and/or User assume all risks of ineffectiveness or other unintended consequences or damages that may result from conditions outside or beyond the control of LESCO, Inc. including but not limited to such factors as manner of use or application, weather or weather conditions outside the range considered normal at the application site or for the time period in which the product is applied, the presence of other materials, incompatible products, or other influencing factors which are beyond the control of LESCO, Inc.. All such risks shall be assumed by Buyer and/or User, and Buyer and/or User agrees to hold LESCO, Inc. harmless for any claims relating to such factors.

LESCO, Inc. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks referred to above, when used in accordance with the Directions for Use under normal use conditions. This warranty does not extend to the use of this product contrary to label instructions, or under abnormal conditions or under conditions not reasonably foreseeable to or beyond the control of LESCO, Inc. and Buyer and/or User assume the risk of any such use.

LESCO, INC. MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.

THE EXCLUSIVE REMEDY OF THE BUYER AND/OR USER AND THE EXCLUSIVE LIABILITY OF LESCO, INC. FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF LESCO, INC. REPLACEMENT OF THE PRODUCT, OR IF NOT ACQUIRED BY PURCHASE, REPLACEMENT OF SUCH QUANTITY. IN NO EVENT SHALL LESCO, Inc., BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES.

LESCO, Inc. offers this product, and Buyer and/or User accepts it, subject to the foregoing Conditions of Sale and Limitation of Warranty and Liability, which may not be modified except by written agreement signed by a duly authorized representative of LESCO, Inc.
